

## Southern Southeast Regional Aquaculture Association (SSRAA)

*SSRAA's mission is to enhance and rehabilitate salmon production in southern Southeast Alaska to the optimum social and economic benefit of salmon users.*

The Southern Southeast Regional Aquaculture Association (SSRAA) has an opening for an **Assistant Facilities Engineer** with the **Facilities and Infrastructure Department**. This department is based in Ketchikan, AK and serves all SSRAA.

SSRAA operates seven hatcheries and several remote release sites within southern Southeast Alaska. This position requires travel by boat and small aircraft and is responsible for assisting the facilities engineer with supervising, planning, coordinating, and completing facility and infrastructure projects using company staff, temporary labor or private contractors. Must be able to demonstrate a successful work history with exposure to multiple trades to include plumbing, electrical, mechanical, and carpentry.

The ideal candidate must have the ability to develop healthy working relationships with vendors, contractors, co-workers, other SSRAA departments, and have the willingness to share knowledge and skills. The ability to obtain an Alaska Driver's License is required and all applicants will undergo a background check.

Starting salary range is **\$75,213.78 to \$86,297.54/year DOE, plus benefits**. SSRAA is an equal opportunity employer. To apply go to SSRAA website [www.ssraa.org](http://www.ssraa.org) or click on the URL below:
