

Southern Southeast Regional Aquaculture Association (SSRAA)

SSRAA's mission is to enhance and rehabilitate salmon production in southern Southeast Alaska to the optimum social and economic benefit of salmon users.

The Southern Southeast Regional Aquaculture Association (SSRAA) has openings for two **Lead Maintenance Technicians** with the **Facilities and Infrastructure Department**. Position is based in Ketchikan, AK.

SSRAA operates seven hatcheries and several remote release sites within southern Southeast Alaska. This position requires travel by boat and small aircraft. Desired skills include knowledge of construction techniques including: carpentry, welding, plumbing, basic electrical, maintaining preventative maintenance records, use of hand and power tools, and project planning. In addition to maintenance responsibilities, this position may, on occasion, assist with various fish culture activities and will be expected to perform other duties as assigned.

The ideal candidate must have the ability to develop healthy working relationships with vendors, contractors, co-workers, other SSRAA departments, and have the willingness to share knowledge and skills. The ability to obtain an Alaska Driver's License is required and all applicants will undergo a background check.

Wage range is **\$23.39 - \$31.71/hr DOE, plus benefits**. SSRAA is an equal opportunity employer. To apply go to SSRAA website www.ssraa.org or click on the URL below:
