

## Southern Southeast Regional Aquaculture Association (SSRAA)

*SSRAA's mission is to enhance and rehabilitate salmon production in southern Southeast Alaska to the optimum social and economic benefit of salmon users.*

### **Klawock River Hatchery Seasonal Fish Culturist**

Full Time, Hourly

Southern Southeast Regional Aquaculture Association (SSRAA) is recruiting for a full-time seasonal fish culturist(s) at the Klawock River Hatchery, a located mile post 9 Klawock-Hollis Highway, Klawock, Alaska. The Klawock River Hatchery program is a coho facility with incubation and adult spawning at the main hatchery campus and rearing occurs on Klawock Lake in netpens. This position provides onsite furnished bunkhouse accommodation if needed. Work consists of assisting staff with basic fish culture duties, lake net pen feeding and rearing, egg-take and spawn of adult salmon, incubation of fertilized eggs, data collection, and basic maintenance around the hatchery.

The ideal candidate must have the ability to successfully develop healthy working relationships with co-workers and have a willingness to learn, share knowledge, and skills. Previous experience and education in aquaculture, fish husbandry, or fisheries biology is preferred but SSRAA will train the right applicants. The job requires the ability to stand and walk for extended periods of time, lift, carry, push, or pull 50lbs or more repeatedly, work in inclement weather, and inside around cold running water.

Pay is \$17.41/hr to \$20.50/hr, DOE. SSRAA is an equal opportunity employer. To apply go to SSRAA website [www.ssraa.org](http://www.ssraa.org) or click on the URL below:
