

## Southern Southeast Regional Aquaculture Association (SSRAA)

*SSRAA's mission is to enhance and rehabilitate salmon production in southern Southeast Alaska to the optimum social and economic benefit of salmon users.*

### **Burnette Inlet Hatchery Fish Culturist**

Full Time, Hourly

Southern Southeast Regional Aquaculture Association (SSRAA) is recruiting for full-time fish culturist(s) at the Burnett Inlet Hatchery a remote hatchery located approximately 30 air miles from Wrangell, Alaska. The Burnett Inlet Hatchery program is a central incubation facility for summer and fall chum. This position requires living on site in furnished subsidized rental housing, utilities include but are not limited to: weekly mail and supply flights, telephone service, satellite internet, and R&R hotel accommodations in Wrangell or Ketchikan. Work consists of fish culture and basic maintenance duties at the hatchery and may require occasional work at a spring remote camp.

The ideal candidate has the ability to develop healthy working relationships with co-workers and have a willingness to learn and share knowledge and skills. Previous experience in fish husbandry, a closely related field, or as part of past/current education is preferred but SSRAA is willing to train the right applicant. The job requires the ability to: stand and walk for extended periods of time, lift, carry, push, or pull 50lbs or more repeatedly, work in inclement weather, and inside around cold running water.

Starting pay is \$20.69/hr, DOE. Benefits include: health, dental, vision, life, long-term disability insurance, and participation in a 403b retirement plan. SSRAA is an equal opportunity employer. Applicants: email an application, cover letter, resume, and references to the email address below. Applications are available on our website [www.ssraa.org](http://www.ssraa.org). A job description will be provided on request.

This posting will remain open until filled. The start date for this position is negotiable.
