

## Southern Southeast Regional Aquaculture Association (SSRAA)

*SSRAA's mission is to enhance and rehabilitate salmon production in southern Southeast Alaska to the optimum social and economic benefit of salmon users.*

### **Maintenance Supervisor**

Southern Southeast Regional Aquaculture Association (SSRAA) is recruiting for full-time Maintenance Supervisor at the Whitman Lake & Deer Mountain Hatcheries in Ketchikan, Alaska. The Whitman Lake Hatchery program operates both hatcheries producing chinook and coho salmon, is a central incubation facility for summer chum, and manages four remote spring rearing camps in the region. This position requires workplace flexibility to include operating the preventative maintenance program at the hatcheries, requires occasional work at remote camps, and will include some fish culture duties, as needed.

The ideal candidate has the ability to develop healthy working relationships with co-workers and have a willingness to learn and share knowledge and skills. Desired maintenance skills include advanced knowledge of: carpentry, welding, plumbing, electrical, mechanical, maintaining preventative maintenance records, use of hand and power tools, and project planning. The successful candidate must have or obtain a valid Alaska Driver's license. The job requires the ability to lift, carry, push, or pull 50lbs or more repeatedly, work in inclement weather, and inside around cold running water.

Annual salary range is \$56,352-\$69,926, DOE. Benefits include: health, dental, vision, life, long-term disability insurance, and participation in a 403b retirement plan. SSRAA is an equal opportunity employer. Applicants: email an application, cover letter, resume, and references to the email address below. Applications are available on our website [www.ssraa.org](http://www.ssraa.org). A job description will be provided on request.

This posting will remain open until filled. The start date for this position is negotiable.
