

Southern Southeast Regional Aquaculture Association, Inc. (SSRAA)

14 Borch Street
Ketchikan, AK 99901
907-225-9605

The Southern Southeast Regional Aquaculture Association (SSRAA) has an opening for a **seasonal port sampler** in **Petersburg, Alaska**.

This position will focus on the collection of biological data from chum salmon at the local fish processing plants. Tasks involved include but are not limited to: the extraction of otoliths, the collection of sex and weight samples, accurately recording data for individual sample sets, and following appropriate lab protocol for processing otoliths.

Applicants must be at least 18 years of age and have a valid driver's license. The ideal candidate would be self-motivated, interested in fisheries, detail oriented, have good communication skills, be proficient in salmon identification, willing to work in inclement conditions, and must be able to lift 50 pounds. Experience working in fisheries is preferred, but not necessary.

This position will run from approximately June 16th to August 31st with the potential for continued employment. Starting pay is \$19.90/hr *or greater* DOE. This position is full time and requires a flexible schedule, with some evening, weekend, and on-call work required. Housing in Petersburg may be provided if necessary. This position has the potential to fulfill a university internship requirement. Employment dates can be negotiated to accommodate a college schedule. SSRAA is an equal opportunity employer. Applicants may direct questions to the address provided below. To apply, visit our website at www.ssraa.org or click on the URL link below:
